

## Message from Dean

**Dr. Khan Sarfaraz Ali**

Dean of Cox's Bazar International University

On behalf of all our faculty, staff and students, I warmly welcome you to Cox's Bazar International University.

As dean of this institution, I'm extremely proud of the rich tradition of providing practical, experience-based education that our university has upheld since its founding. We have seven programs under three faculties. All of these programs prepare our students to become leaders with the moral depth and intellectual intensity necessary to meet the challenges of a time of critical transition in society.

At CBIU, we provide personalized, top grade education delivered by an experienced and well-qualified faculty who bring an intellectual rigor and practical focus to their classrooms. We draw students from diverse and multi-cultural backgrounds, which provide a very vibrant and stimulating classroom environment. Our students also benefit from our international partnerships and possibilities of internships and career opportunities in the numerous International Organizations located in Bangladesh.

Our undergraduate students go on to leadership positions in every professional field—having been well prepared through internships, research opportunities, cross-disciplinary integration and, most importantly, great and inspiring teaching.

Our efforts also are enhanced by the vital involvement of inspirational alumni, who are doing innovative and transformative things in their personal and professional lives. They are making their marks on just about every profession and walk of life imaginable.

With this message, I would like to conclude by wishing each one of our students, alumni, and future students a very successful and fruitful experience together.
